IN 2025, OUR FOCUS IS ON REINVENTION

With our design and engineering experience, we are committed to **improving the way people work.** We are launching new products that enhance connectivity and enable advances in technology to benefit every workplace.

WE'RE GOING ECO

At Compulocks, we are committed to sustainability and recognize our responsibility to minimize our environmental impact. Our goal is to create innovative and secure solutions for our customers while ensuring our operations are conducted in a sustainable and ethical manner. This policy outlines our commitment to sustainability across all aspects of our business.

Our Commitment

Compulocks is dedicated to:

Sustainable Product Design

Ethical Sourcing

Waste Management

Energy Efficiency

Environment and Regulation

We prioritize the design and development of products that are durable, repairable, and recyclable.

We make it easy to go green with our Renew & Recycle Program. Here's how it works, from start to finish.

RENEW & RECYCLE

Our New Eco Program

At Compulocks, we are committed to sustainability at every stage of our product lifecycle, including the end-of-life phase. Our Renew & Recycle Program empowers customers to return their end-of-life products, ensuring responsible recycling and repurposing.

Stage 1

Contact Us

Email eco@compulocks.com to get your free shipping return labels.

Stage 2

Send & Disassemble

Ship us your products, and we'll disassemble and sort materials.

Stage 3

Recycle Responsibly

Partnering with recycling companies, we ensure all parts are sustainably recycled.

Stage 4

Greener World

Together, we create a more sustainable future.

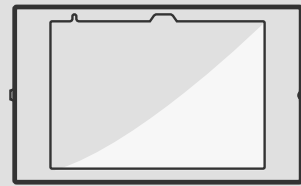

Over 80% of the materials from returned products are **either recycled or repurposed**, minimizing waste and supporting environmental stewardship. To further encourage participation, we offer **free shipping** from the customer's location to our warehouse, making it easy and cost-effective to contribute to a greener future.
